MESSAGE

In the changed Scenario and the prevailing vote-bank policies of the Executive, it is indeed time for all the hues of Rajputs- be it Raju Kshatriyas from the South or Rajput Singhs, Chouhans, Solankis, et al to come together for seeking a proper & deserving place for us in the Society.

Besides, we all should strive to help each other for the betterment of our community, without much depending on the Governments of the times. This is only possible, if we have a National Body for taking up the cause of the less privileged sections of our community, though splinter groups are working individually.

In the South, we are able to provide the needed succour to more than four thousand deserving and needy students with about Rs. 150 lakhs and about an amount of Rs. 25 lakhs to widows as monthly pension @Rs. 400/- each and financial assistance of Rs. 25 Lakhs to others towards health-care, marriages, etc., in the last 10 years. In addition, with assistance from one family, were able to provide advanced medical care (Surgeries, etc.) to about 500 persons with an amount of more than Rs. 100 lakhs. Added to this with the assistance leveraged from the PM and CM relief funds amounting to Rs. 150 Lakhs, the total advanced Medical Care assistance is more than Rs. 250 lakhs, in the last 6-7 years.

Having established a successful working model, we were encouraged and primed to adopt a similar model at the National Level with the formation of the All India Kshatriya Federation (AIKF).

It is time for us to be united in our pursuit of the social cause and be a responsible and successful entity in the comity of several communities. By contributing at least one rupee a day each by each successful family, we would be in a position of creating a huge corpus of, say Rs. 35 Crores in the first year itself. In doing so, the corpus could go up to, say, Rs. 350 Crores in the next 10 years. With a such corpus at our disposal, we would be in a position to provide relief to several marginalized families and that is the least we could do as our gratitude to the society in which we are brought up.

As deemed necessary by you, we have already made efforts to integrate with the north by having a few visits to different parts of the country, the latest being at Noida, where in several representatives took part in our deliberations aimed at strengthening the National Body (AIKF) and solidify our efforts for the betterment of the challenged sections of the Community.

It is gratifying to note that you have your own website under trial run and is expected to be online, shortly. For your information, we have a website www.kshatriyas.org in working condition and hope to have some kind of integration with your website, as a related link.

I wish you and your team to succeed in your endeavors.
